

FARM EXPLORER

FARM-TO-SCHOOL 2017

Spark curiosity in science and eating healthfully with the Farm Explorer, a mobile farm program that features hands-on lessons about living plants, local agriculture, seasonal eating, and nutrition. Our educators are growers and cooks who bring seed-to-plate experiences to life right at your school or community site. It's fun, educational and convenient.

The truck is bursting with fresh veggies!

Delicious & nutritious

Kids love
Experiential learning

BOOK NOW for 10% OFF a FARM EXPLORER FULL SEASON PACKAGE !

Get two classroom sessions in the winter and one truck visit in the spring!

YOUR STUDENTS WILL EXPLORE:

- Taste tests with over 12 vegetables and fruits, including root vegetables and leafy greens
- Seasonal eating for native and colonial Pennsylvanians during the winter and spring, and how local agriculture has changed
- Healthy and delicious recipes using locally available produce

Offer ends December 31, 2016.

FARM EXPLORER IS A GREAT STEM PROGRAM!

- The Farm Explorer truck is full of fresh growing vegetables, primed for experiential science lessons, harvesting, cooking and tasting. Indoor classroom visits occur in the winter and early spring.
- All lessons are linked to state standards for biology, ecology and health.
- All programs can be matched to grade or developmental level, K-12.
- A Farm Explorer program fits into a 45-60 minute class period.
- Each visit gives students one additional serving of fruits or vegetables that day.
- Greener Partners educators have biology or environmental science degrees, are experienced farmers & cooks and are specially trained for the program.

FARM EXPLORER Program Details and Pricing

When the Farm Explorer visits your school or site:

- Each session is 45-60 minutes long, according to your class schedule.
- We work with a minimum of two classes and a maximum of four classes per day/session.
- We work with a maximum of 30 students per class

Farm Explorer Full Season Package

Year round visits increase retention of science concepts, seasonality and healthy eating habits.

About Greener Partners:

Greener Partners is a 501(c)(3) nonprofit organization dedicated to healthier communities through food, farms and education. We use a full-circle, seed to plate approach that encompasses gardening education, food access, healthy eating, and support of the local food economy. Last year, we engaged young people in our innovative Farm Explorer programs more than 10,000 times and donated over 11,000 pounds of fresh produce. www.greenerpartners.org
